

The 7800FR Multiframe Chassis Has Arrived!

Dear Valued Customer,

We have exciting news!

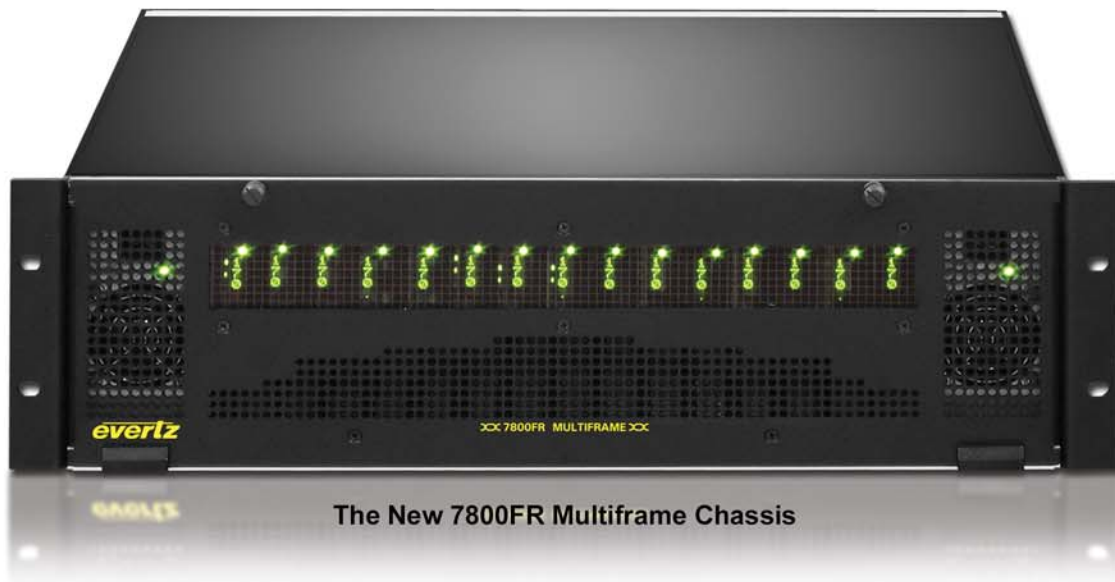

Evertz® is proud to announce the 7800FR Multiframe Chassis.

The 7800FR provides the same fit, form and function as the 7700FR-C including the following features and benefits:

- **Dual independent genlock BNCs used to distribute reference within the frame**
- **Providing nearly twice power distribution future proofing the requirement for higher powered modules**
- **Fully backwards compatible supporting all 7700 series modules**
- **Same award winning control and monitoring interface with globally recognized VistaLINK® Network Management System**
- **Same size, fit and form factor in 3RU!**

The new 7800FR now supersedes the 7700FR-C.

We are pleased to announce that all outstanding 7700FR-C orders have been automatically upgraded to the new 7800FR !

The New 7800FR Multiframe Chassis
