FILTER AND NETWORK TECHNOLOGY

Product : 3G SDI Galvanic Video and ground path isolator, 4kV breakdown

Model No. : L3GF03

Overview

The L3GF03 may be used with SD, HD or 3G SDI. These have a higher breakdown voltage as required for medical applications. They are built in and constructed in ABS boxes with mounting flanges, fitted with two female BNC connectors.

Dimensions: 50 x 35 x 15(l x w x h)mm excluding mounting flanges, 68mm length including flanges
