FILTER AND NETWORK TECHNOLOGY

Product : HD SDI Cable Clone - 10m

Model No. : LHDCC10M

Overview

The 10m range of HD SDI fixed-length cable clones provides a method of simulating the effect of cable on serial digital signals without compromising accuracy. Each unit emulates a specific length of Belden 1694A cable in a metal-shielded barrel assembly with a female BNC 75 ohm connector on each end. Provides known accurate loss for repeatable performance.

Features

- Emulates cable from DC to >1.5 GHz
- Quick and easy to use
- Works with the SD, ASI and HD SDI formats
- Simulates 10 meters of Belden 1694A
- Add sections in series to increase length
- No power needed
- Known accurate loss for repeatable performance
- Pocket size
