

FILTER AND NETWORK TECHNOLOGY

Product : 3G SDI Cable Clone - 10m

Model No. : L3GCC10M

Overview

Our pocket sized range of fixed-length Cable Clones provide a method of emulating the effect of cable on serial digital signals without loss of accuracy. Each unit replicates a specific length of Belden 1694A cable, cased in a tubular GRP enclosure with a female BNC 75 ohm connector on each end. Provides known accurate loss for repeatable performance.

Features

- Emulates cable from DC to >3 Ghz
- Quick and easy to use
- Works with all current SDI formats
- Simulates 10 meters Belden 1694A
- Add sections in series to increase length
- No power needed
- Known accurate loss for repeatable performance
- Pocket size
