

FILTER AND NETWORK TECHNOLOGY

Product : 3G SDI Cable Clone - 80m

Model No. : L3GCC80M

Overview

The 80m range of pocket sized fixed-length cable clones provide a method of simulating the effect of cable on serial digital signals without compromising accuracy. Each unit emulates a specific length of Belden 1694A cable, in a tubular GRP enclosure with a female BNC 75 ohm connector at each end. Provides known accurate loss for repeatable performance.

Features

- Emulates cable from DC to >3 Ghz
- Quick and easy to use
- Works with all current SDI formats
- Simulates 40 meters Belden 1694A
- Add sections in series to increase length
- No power needed
- Known accurate loss for repeatable performance
- Pocket size
