SDI to HDMI Converter

C1 mini video converter can convert 1 CH SDI to HDMI without damage, splitting and converting SDI audio signal then embedded into HDMI signal, which realizes the simultaneous output of audio and video.

Broadcast-level Conversion

Using FPGA image processing technology to achieve 10bits instead of image conversion;

Super-low latency.

Edit Your Video

Kiloview C1 mini video converter supports several helpful editing options like image safety frame, audio column, centre cross (you can turn on the switch by the bottom dial).

High Compatibility

The input end supports SD/HD/3G SDI signals (full format support);

The output supports HDMI1.4 and below.

High Quality Promise

- We use imported chips, branded capacitors, and precision PCB versions;
- We are authorized by the HDMI Alliance and passed the EMC electromagnetic compatibility test;
- Our converter supports 5~16V voltage to improve product stability.

Parameters

Model	KV-C1 Mini
Resolution	1080P/60Hz
Transmission rate	2.97Gbps
Power Supply	5~16V
Power Consumption	1w
Working Temperature	-20°C~60°C
Size	46*96*23mm
Weight	120g
