

NDI External Tally Light

Convenient, Exquisite, and Portable NDI Partner

[Click Here](#)

NDI® external tally is a particular auxiliary device for video director, making it easy for photographers, hosts, studios and other production personnel to give accurate tips on site. With our tally module, you can easily check camera live status (program status).

Exquisite and free adjustment

- Small and light-weight, compatible with full ranges of NDI products, including N3, N30, N4, N40 and U40
- Free adjustment and stable signal

Portable and Flexible Installation

- Connect the device via the USB cable and easily control Tally. Height and position are adjustable at will
- Easily installed on the camera and equipped with front and rear lights for cameraman and the host in a fast response

*The installation diagram is for reference only

Green – PVW

Red – PGM
