Key Features

- Control Kiloview Hardware/Software
- Modular Full Panel with Multiple Decks
- Panel Deck, Take Deck, PTZ Deck
- Zoom Deck, KIS Audio/Intercom Deck

Control your entire **Kiloview** production from a single control station with this **LinkDeck Control Panel**. This modular LinkDeck system includes the central Panel Deck, PTZ Deck, Zoom Deck, Take Deck, and KIS Deck.

[More Details](#)

Kiloview LINK DECK Overview

Control your entire **Kiloview** production from a single control station with this **LinkDeck Control Panel**. This modular LinkDeck system includes the central Panel Deck, PTZ Deck, Zoom Deck, Take Deck, and KIS Deck.

The central Panel Deck connects to your network and features numerous buttons and a 10.1" touchscreen display to control and configure the modular panel components. The PTZ Deck provides knobs and a joystick to control your IP PTZ cameras, the Zoom Deck provides a zoom rocker and configurable buttons, the Take Deck provides a transition T-bar and preset take buttons, and the KIS Deck provides a speaker and a gooseneck mic, great for controlling the Kiloview Intercom System.

Read more below about the components in this control panel.

Kiloview Panel Deck Controller

Control all of your **Kiloview** devices with the **Panel Deck**, part of the **LinkDeck** series of modular control panels. The **Panel Deck** is the central, required main control deck in the series, and it can connect to multiple optional decks via **USB-C** connections, including the **Take Deck**, **PTZ Deck**, **Zoom Deck**, and **KIS Deck**.

The **Panel Deck** features a 10.1" touchscreen LCD with 1920 x 1200 resolution to view and select the devices you wish to control. The keyboard features 24 bi-color keys if you prefer physical button control. The deck connects to your local network using the Gigabit Ethernet port, and it can be powered via its DC barrel input or via PoE on a supported network.

UPC: 710917166408

Kiloview PTZ Deck Controller

Control all your **Kiloview** PTZ cameras with the **PTZ Deck Controller**, part of the **LinkDeck** series of modular control panels. The **PTZ Deck** requires a **USB-C** connection to the separately available **Panel Deck** for operation.

The joystick allows smooth and easy camera movement, and the three control knobs provide control of various PTZ camera operations such as focus and iris. The deck also features tally lights.

Compatibility

Kiloview Panel Deck Controller

UPC: 710917166415

Kiloview Zoom Deck Controller

Control the zoom on your remote PTZ camera with the **Zoom Deck Controller** from **Kiloview**, part of the **LinkDeck** series of modular control panels. The **Zoom Deck** requires a **USB-C** connection to the separately available **Panel Deck** for operation. The large zoom rocker provides solid zoom control of your PTZ cameras, and it also features 11 customizable buttons for additional controls.

Compatibility

Kiloview Panel Deck Controller

UPC: 710917166439

Kiloview Take Deck Controller

Select and transition between takes with the **Take Deck Controller** from **Kiloview**, part of the **LinkDeck** series of modular control panels. The **Take Deck** requires a **USB-C** connection to the separately available **Panel Deck** for operation.

The T-bar allows for smooth transitions between sources, and it features 13 buttons to control your takes, including record, FTB, livestream, and lock screen with just a press.

Compatibility

UPC: 710917166446

Kiloview KIS Deck Controller

Add an audio intercom system to your control panel with the **KIS Deck Controller** from **Kiloview**, part of the **LinkDeck** series of modular control panels. The **KIS Deck** can be used with the separately available **Panel deck** via a **USB-C** connection, or it can operate independently using a **Gigabit PoE** connection.

The **KIS Deck** features **USB-C** microphone input, 3-pin mic input, a 5-pin headphone output, two 3-pin line in/out connectors, a center speaker, and a built-in gooseneck microphone. The panel is compatible with the **Kiloview Intercom System**. There are also mute buttons for the mic and speaker and a volume knob with a switch to select the different audio signals.

LinkDeck Control Panel, Your Personal Workbench

Kiloview LinkDeck Series is the product set to centrally link and control all the Kiloview hardware and software. Link Deck is based on RTC technology which allows doing whatever you want.

Both Presenting real-time high-quality content on Panel Deck and customizing user settings & display, LinkDeck helps to manage the whole Kiloview ecosystem including NDI QNAIR / NDI CORE / KIS / NDI RECORDER / NDI Encoder / NDI Decoder / Multiview / KiloLink Server.

By developing a 3rd-party plug-in based on Python, Linkdeck even allows interaction with systems like TriCaster and vMix.

[Where to buy](#)

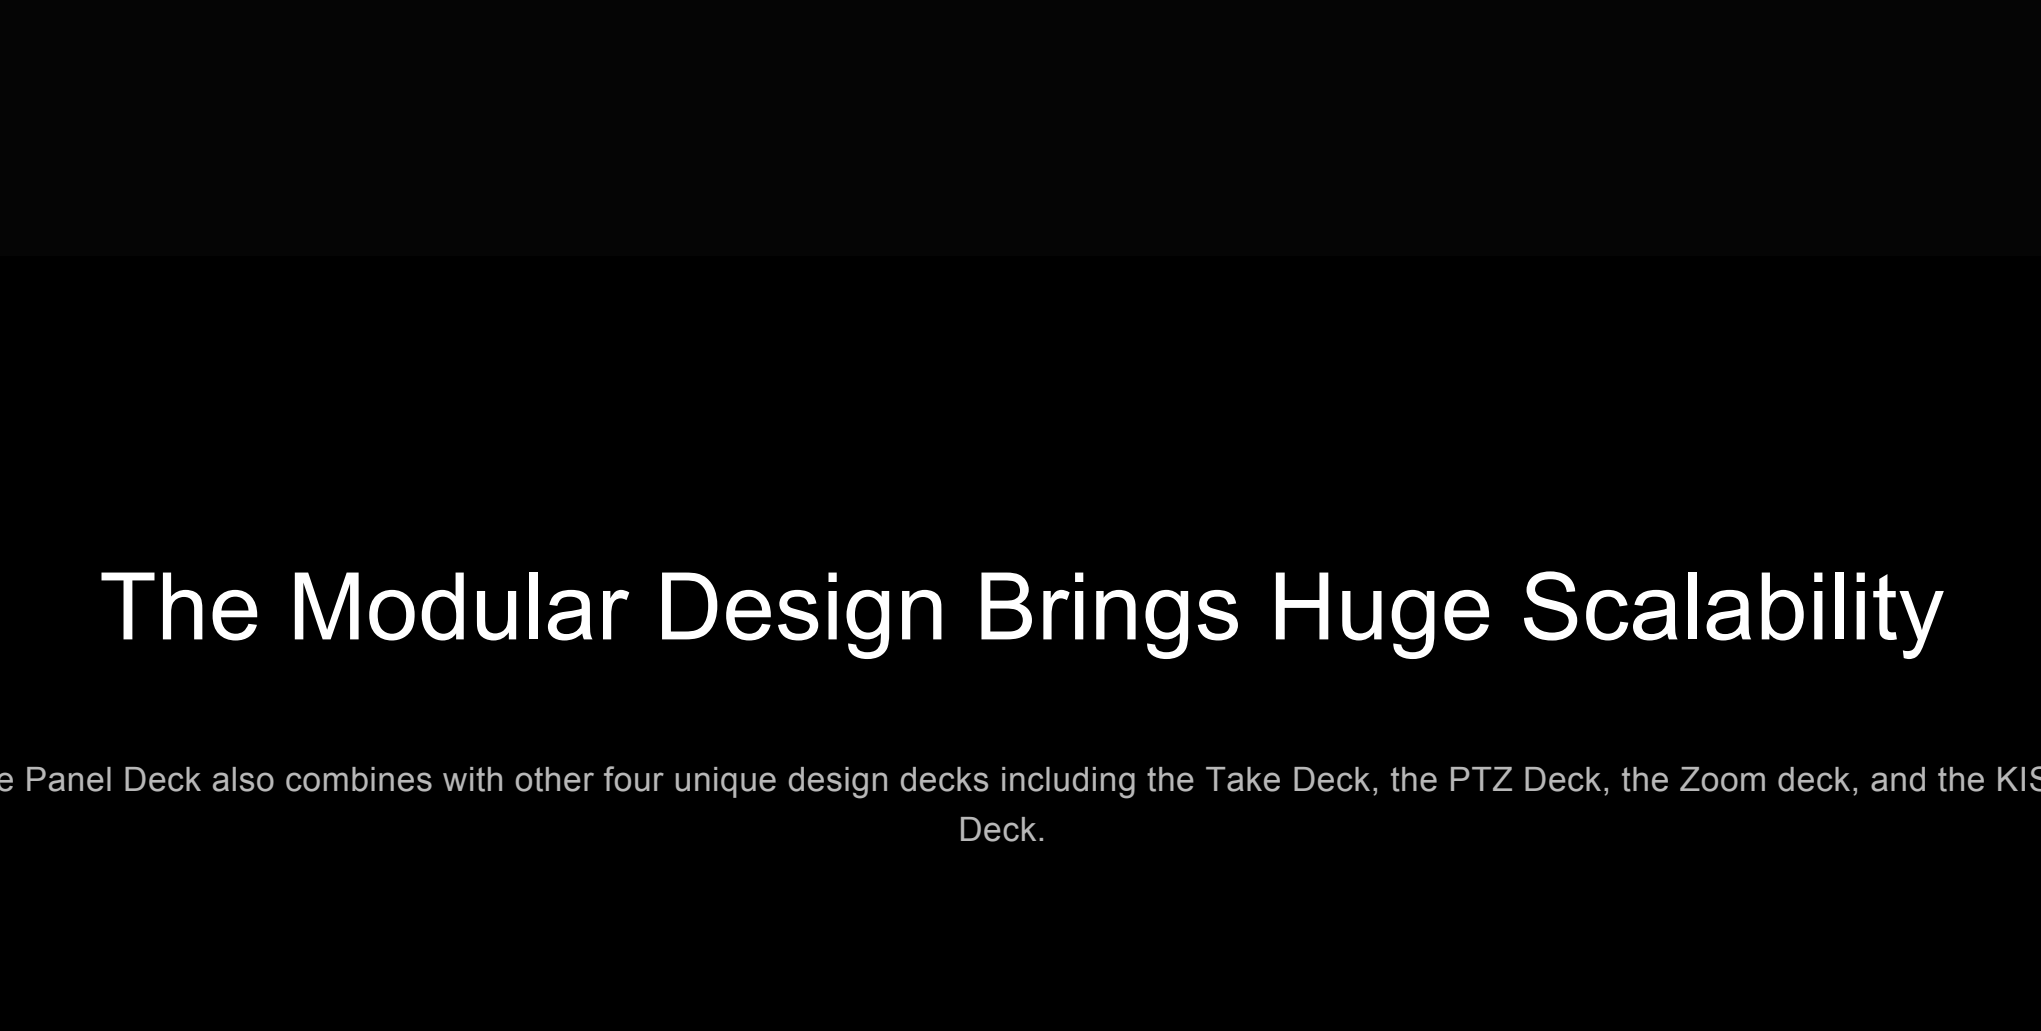

One Cable to Have It All

LinkDeck is an IP-based solution that really helps to safe and stable transmission. All the control and management can be all set and done by only one single PoE cable.

Modular Design Brings Huge Scalability

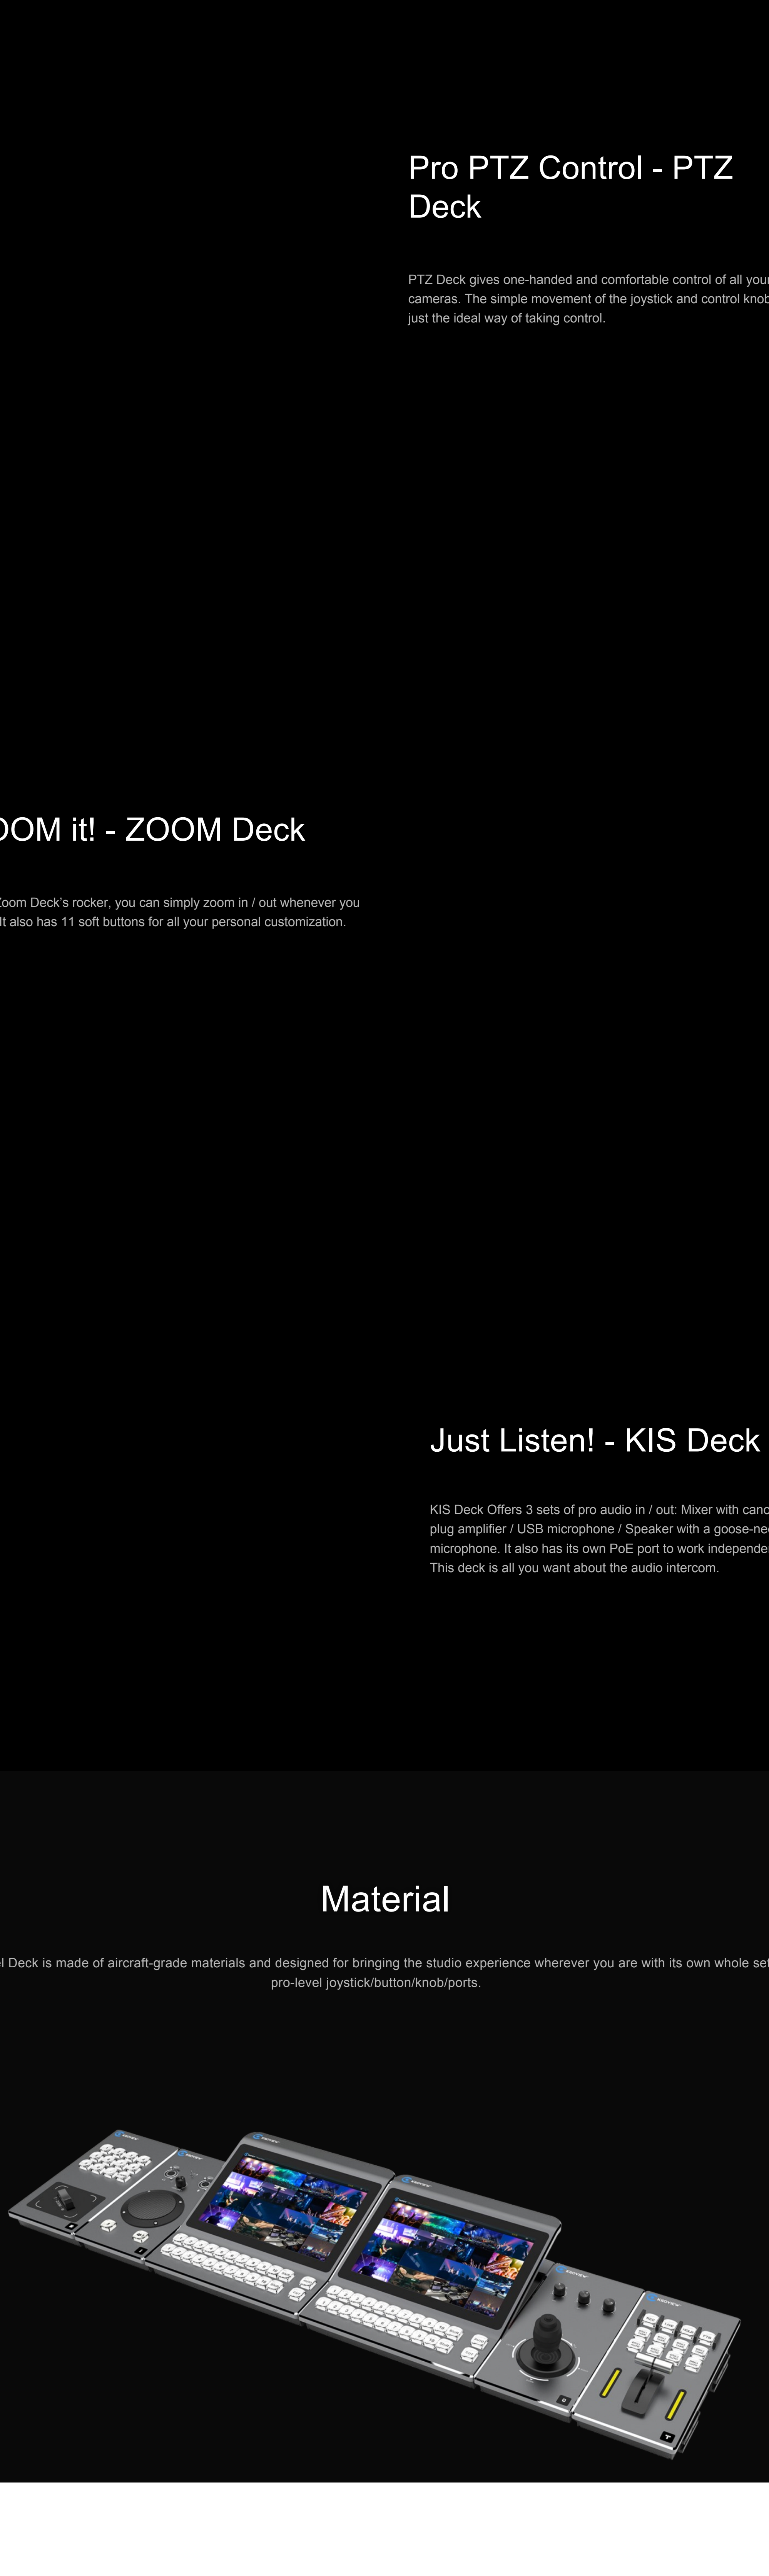

It consists of five unique design decks including the Panel Deck, the Take Deck, the Zoom deck, the KIS Deck, and the PTZ Deck. Each deck can combine freely to create an exclusive workbench with fully customized content. This unique design also offers Easy assembly and installation for your best user experiences.

Panel Deck - All Under Control

The Panel Deck, equipped with a 10.1" touch screen and a bi-color LED keyboard, provides the easiest way of operation and the biggest pleasure of user experience. 10.1" screen allows you to customize whatever product you want to control.

Both soft keys and physical keys make everything under control. DC and PoE power also helps it to rule and be the power source of all the other Decks

The Modular Design Brings Huge Scalability

The Panel Deck also combines with other four unique design decks including the Take Deck, the PTZ Deck, the Zoom deck, and the KIS Deck.

Easy TAKING - TAKE Deck

Take Deck helps you to switch like a pro with a "T" stick and dual LED displays. 12 buttons also give a huge pleasure while creating content. Switching / FTB / Recording / Live streaming / Lock screen with one single press, is the easiest way to operate.

Pro PTZ Control - PTZ Deck

PTZ Deck gives one-handed and comfortable control of all your PTZ cameras. The simple movement of the joystick and control knob is just the ideal way of taking control.

ZOOM it! - ZOOM Deck

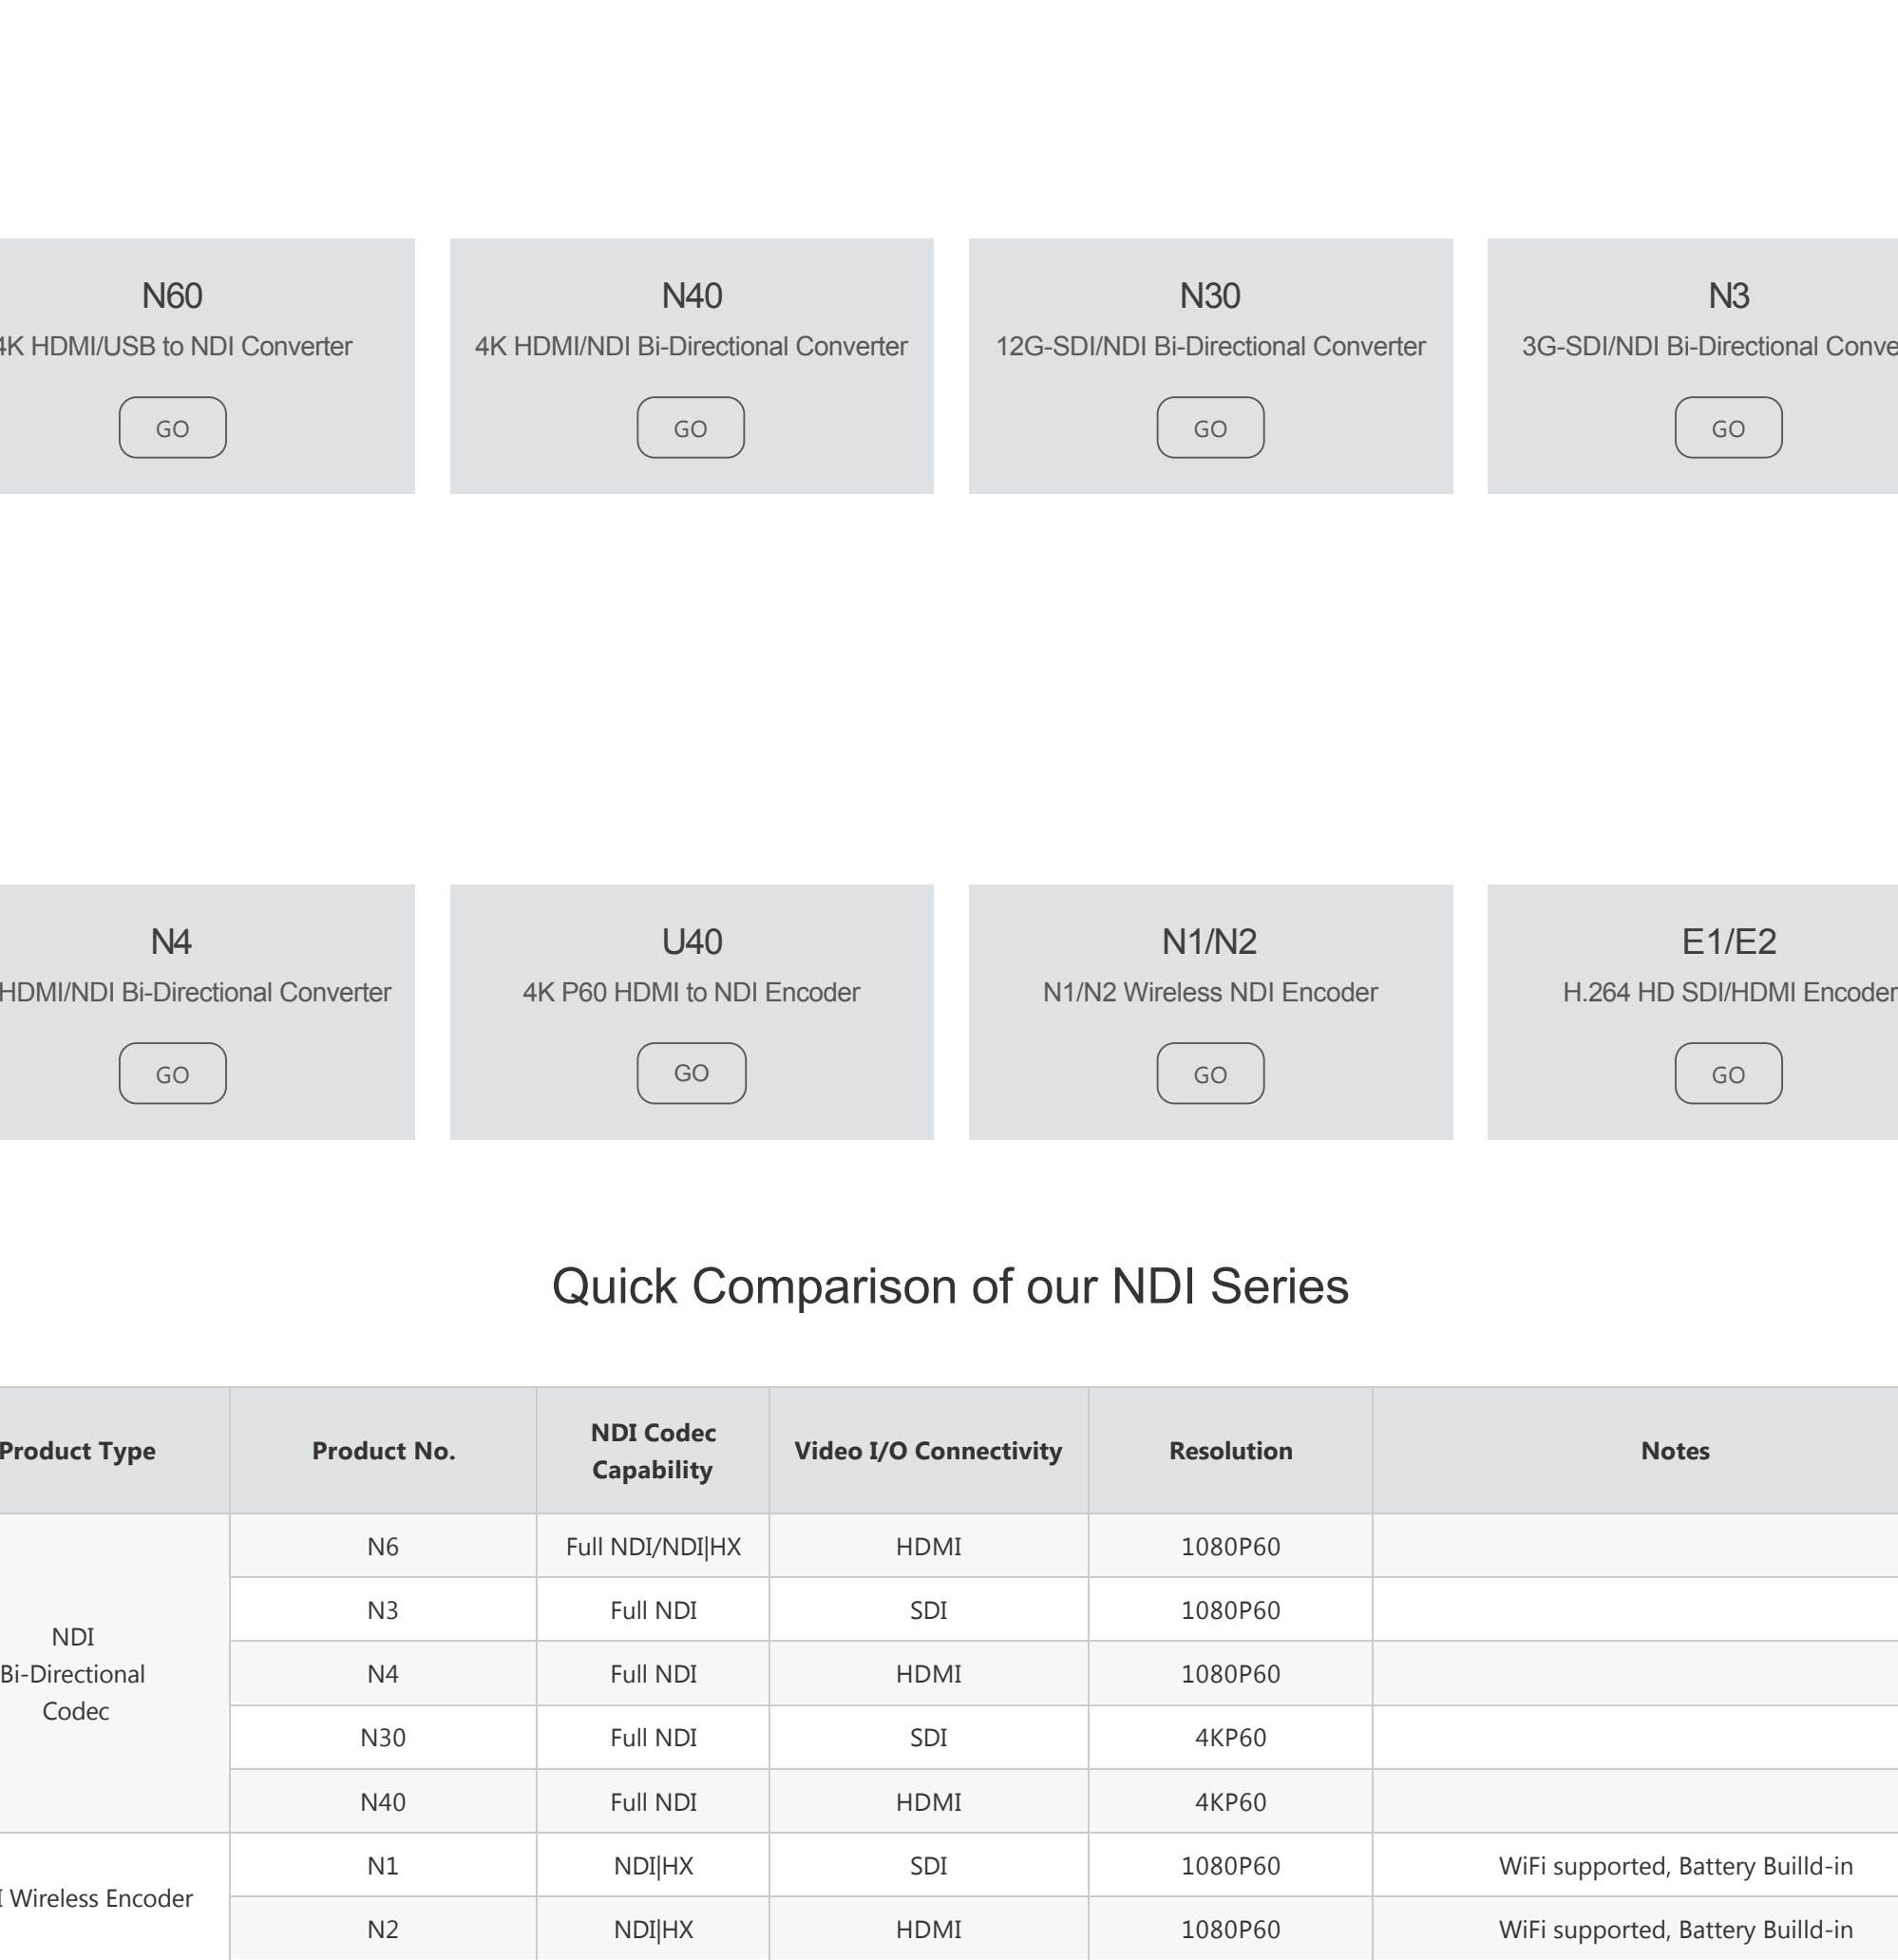

With Zoom Deck's rocker, you can simply zoom in / out whenever you want. It also has 11 soft buttons for all your personal customization.

Just Listen! - KIS Deck

KIS Deck Offers 3 sets of pro audio in / out: Mixer with canon plug amplifier / USB microphone / Speaker with a goose-neck microphone. It also has its own PoE port to work independently. This deck is all you want about the audio intercom.

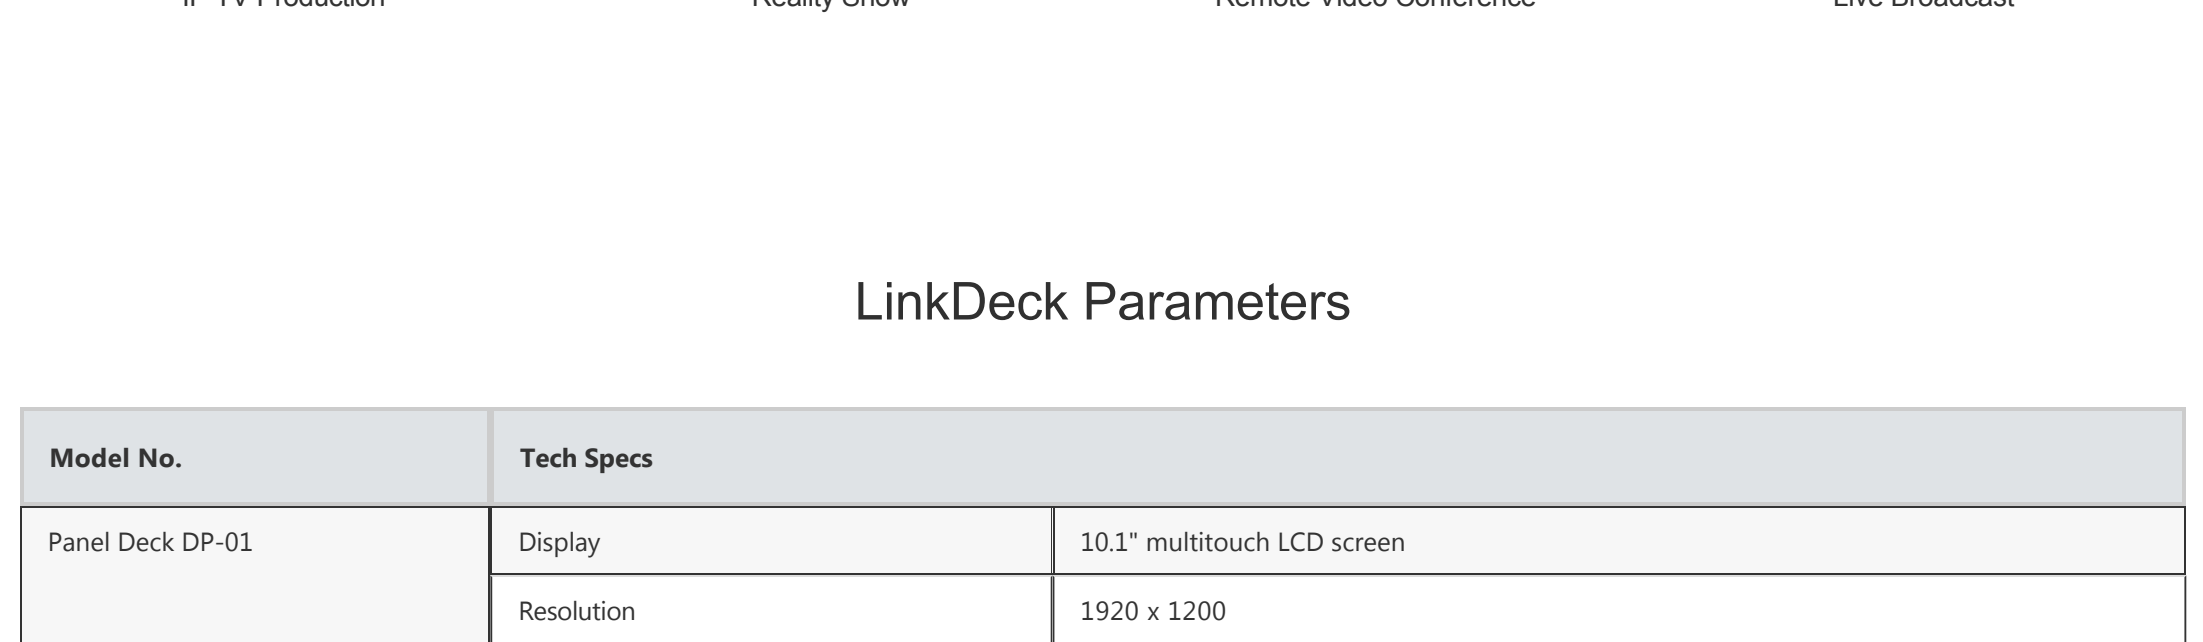

Material

Panel Deck is made of aircraft-grade materials and designed for bringing the studio experience wherever you are with its own whole set of pro-level joystick/button/knob/ports.

Applications

Flexible to apply to different scenes including Studio production, Production truck, Concert, Live streaming, Live event, Video conference, etc.

LinkDeck Parameters

Model No.	Tech Specs	
Panel Deck DP-01	Display	10.1" multitouch LCD screen
	Resolution	1920 x 1200
	Keyboard	24 keys (Bi-color tally)
	CPU	8-core CPU
	Memory	2GB
	FLASH Storage	16GB
	Video Output	1 x HDMI output up to 1080P60
	Internet Input	1GbE port with PoE
	Power Supply	DC5.5/2.5 12V
	HDMI Port	1
	Key	24, user-defined keys
	USB Port	7 x Type-C 2.0
	DC Port	Single DC5.5/2.1
	Dimension / Weight	6.65lb/285.33"x260.00"x110.10mm(11.2"x10.2"x4.3")
Operating Temperature	-20°C-45°C	
KIS Deck DK-01	Audio	1 x microphone(3 pin) 1 x headphone(5 pin) 2 x Line in/out(3 pin)
	USB Port	1 x Type-C 2.0
	Internet Input	1 x Rj45 Gigabit Ethernet port, PoE supported
	Volume Wheel	1
	Keys	3
	Built-in Speaker	1
	Three-way Switch	1
	Dimension / Weight	3.52lb / 260.00"x130.00"x99.54mm(10.2"x5.1"x2.3")
	USB	2 x USB Type-C 2.0
	Key	1
PTZ Deck DQ-01	Control Knob	3
	Joystick	1 (2 in white, 1 in RGB based on settings)
	Tally	3 (2 in white, 1 in RGB based on settings)
	Dimension / Weight	3.30lb/ 260.00"x130.00"x107.45mm(10.2"x5.1"x4.2")
Zoom Deck DZ-01	Keys	13
	ZOOM Rocker	1
	USB	2 x Type-C 2.0
	Dimension / Weight	3.04lb/260.00"x130.00"x53.68mm (10.2"x5.1"x2.1")
Take Deck DT-01	USB	2 x Type-C 2.0
	Keys	13
	T Stick	1
