V-mount Camera Battery

S-8083S is the V-mount rechargeable Li-ion battery pack for professional video cameras. It's compact design, smaller in size.

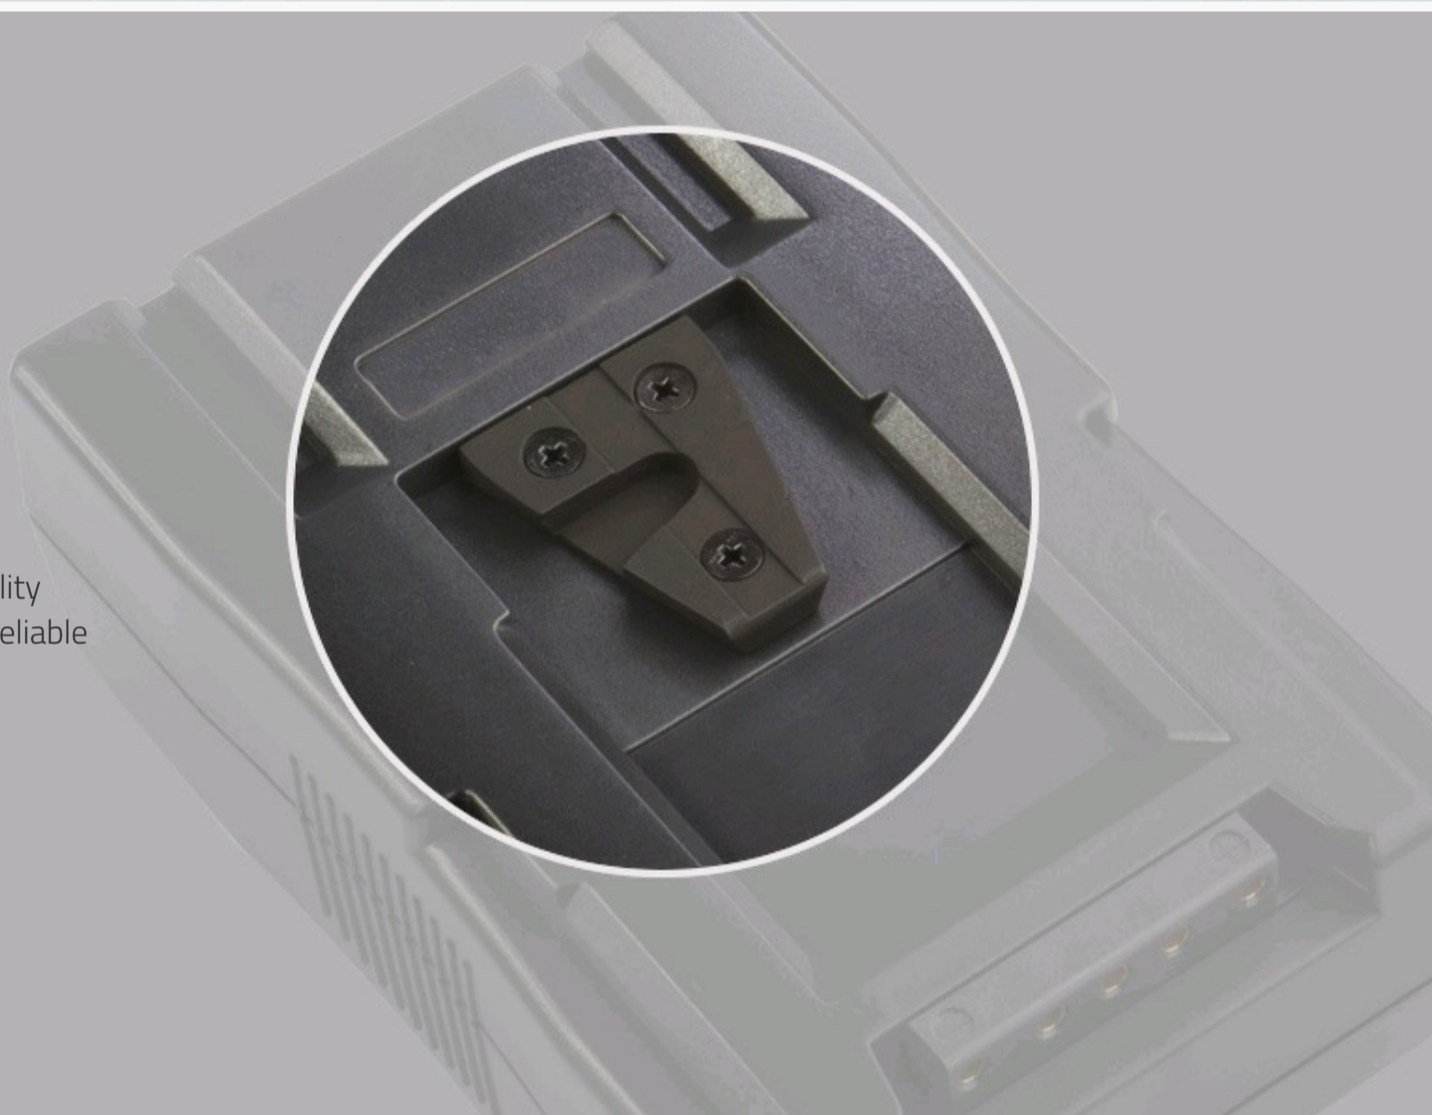

130Wh / 9.2Ah Capacity

Consists of 12pcs 18650 battery cells, and reaches 130Wh/9.2Ah high capacity. Run approx 4 hours for normal 30W ENG cameras.

Reliable V-mount Connection

S-8083S is the standard V-mount connection and we adopt the high quality fiber glass V-wedge that ensures the reliable mounting.

Build-in D-tap DC Output Socket

D-tap DC output socket is equipped on the top side of S-8083S battery, for DC14.4V (Nominate) connection, such as on-camera lights, monitors, wireless transmitter, etc. The Max Power from D-tap is 100W, 8A.

4-level LED Power Indicator

On the side of the battery, there're 4-level LED power indicators to check the battery remaining capacity. You can get a quick view of capacity before using.
