S-8183S+ | 270Wh High Load V-mount Battery Pack

- > High-load Li-ion cells
- > At least 250W, 20A constant load
- > 14.4V, 270Wh capacity
- > 6A super fast charging
- > D-tap output socket
- > 4-level LED power indicator
- > V-mount connection
- > Multiple circuit protections

250W/20A High-Load

Even only 1% capacity remains, S-8183S+ still can output at least 250W/20A high load, for high power equipment like cine cameras and cine lights, and will not reduce battery life during long time high power output.

270Wh High Capacity

Updated from S-8183S, the S-8183S+ provides 270Wh/18.75Ah higher capacity, to prolong the running time on equipments.

6A Fast Charging

S-8183S+ supports 6A fast charging, to save more than 50% charging time, can be charged from 0 to 80% after 2.5 hours, and fully charged within 3.8 hours.

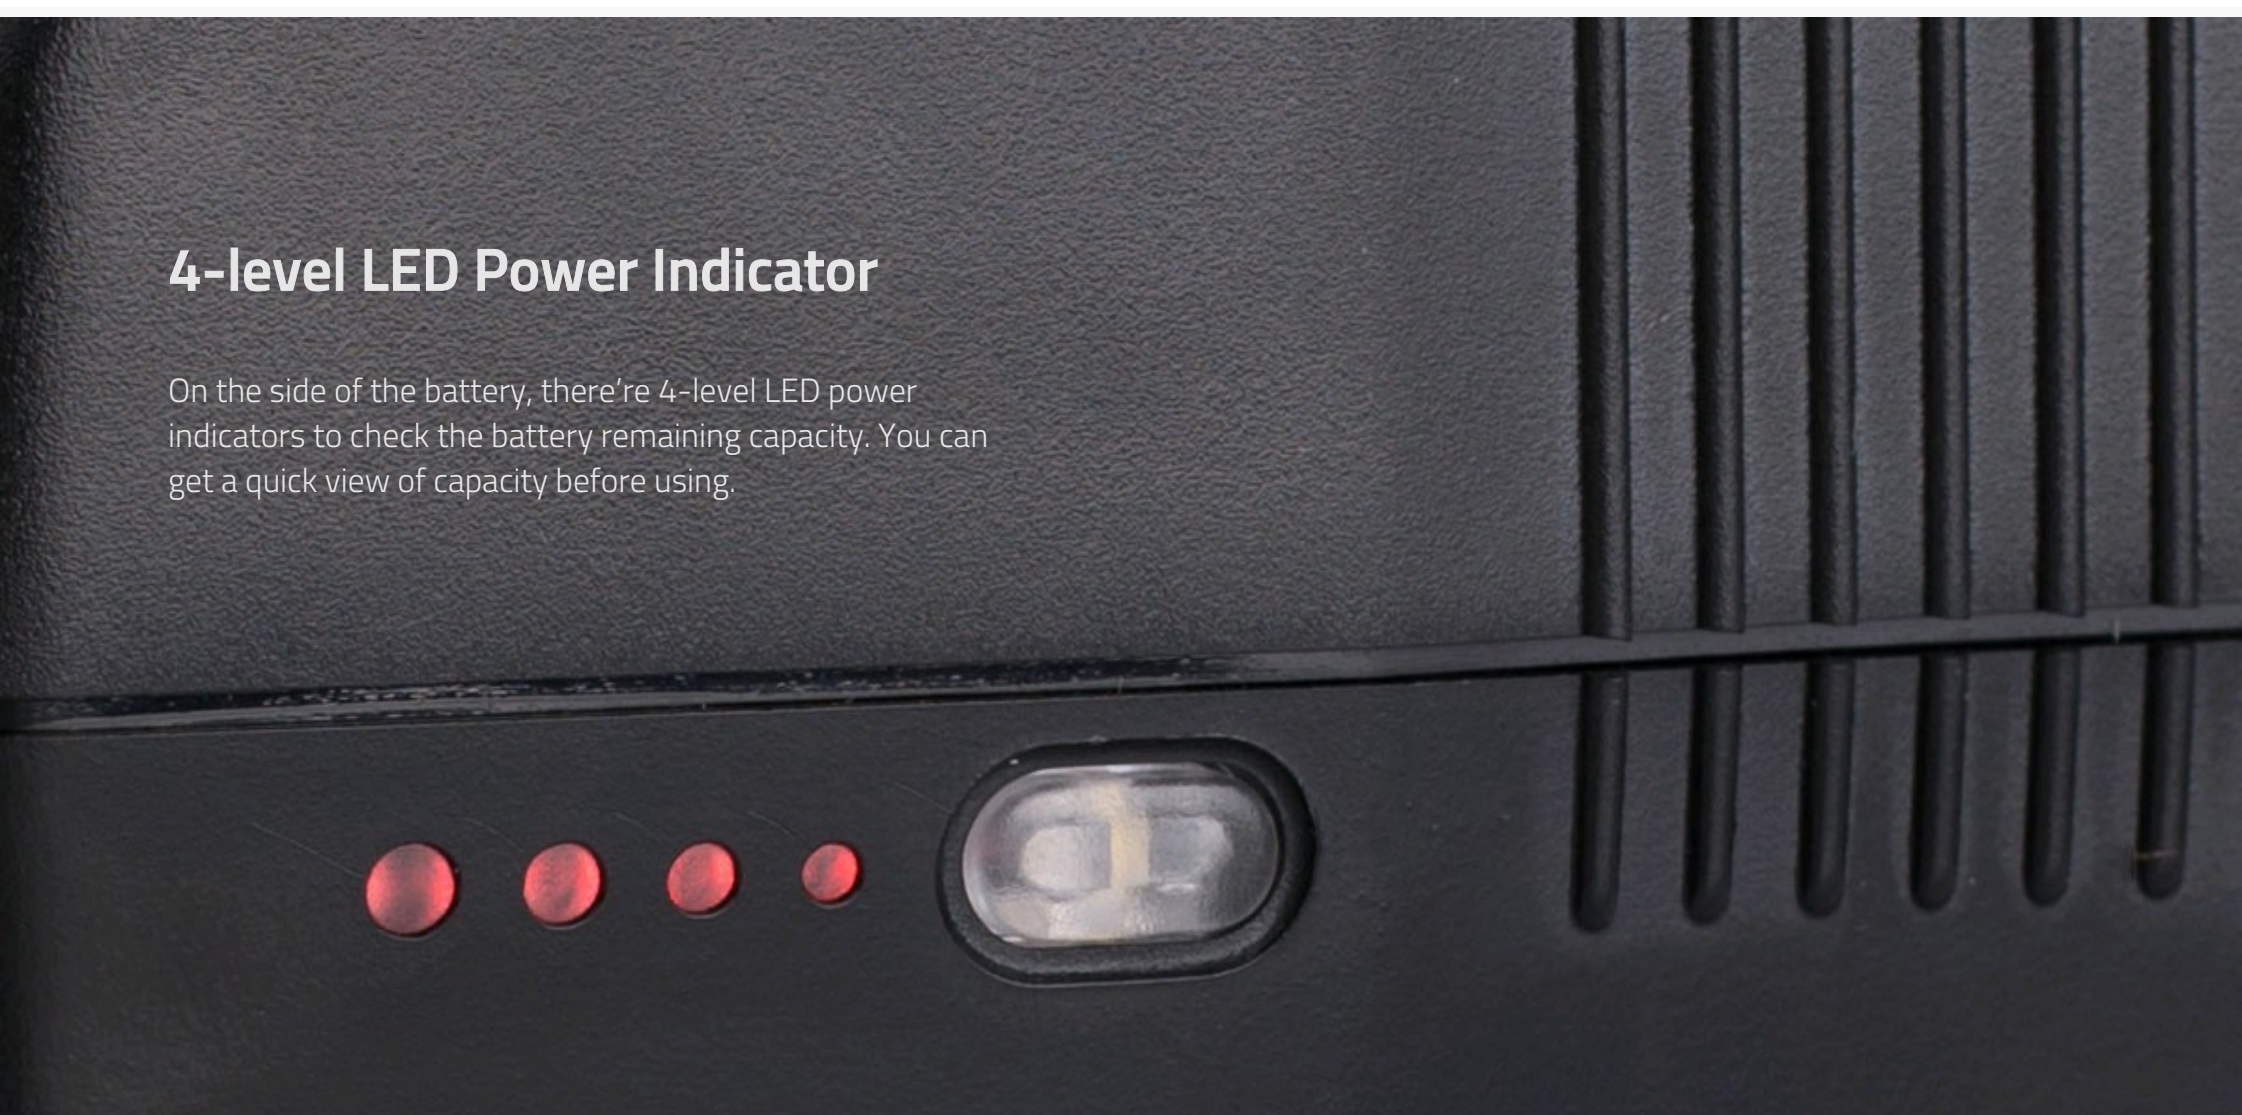

Build-in D-tap DC Output Socket

A D-tap DC output socket is equipped on the top side of S-8183S+ battery, for DC14.4V (Nominate) connection, such as on-camera lights, monitors, wireless transmitter, etc. The Max Power from D-tap is 120W, 10A.

4-level LED Power Indicator

On the side of the battery, there're 4-level LED power indicators to check the battery remaining capacity. You can get a quick view of capacity before using.
